August 27, 2010

Dear Town Councilmembers and Town Manager,

This letter is a request from the Legislative Committee of the Greater Fort Myers Beach Area Chamber of Commerce to again be allowed to use Town Council's chambers and be broadcast on the government channel for another Commotion by the Ocean event for the general election. Because our committee will not be meeting until next week, we are requesting the following dates be reserved for the one night of our event: September 28, 29, 30. According to the Town Hall's staff, all three dates are available. We will finalize the date prior to your council meeting.

Further, we request that you allow the Town Manager to administratively approve up to three re-broadcasts of our event to occur on the government channel only during regular Town Hall business hours.

Sincerely,

John E. Albion, President
Fort Myers Beach Chamber of Commerce
